ELEGANT SERIES C50

BTS Elegant on-floor glass supporting systems distinguish your valuable projects with its durability, aesthetic and being a brand new system. Floor fixings which are produced from aluminium provides the durability by making the connection between floor and glass. Aesthetic view appears when floor fixing parts are closed by cap profile. You will create the difference with different color variations of cap profiles.

- 12 mm, 16 mm and 20 mm safety glass usage!
- Newest and safest system in railing!
- Unlimited view!
- Aesthetic design!
- Easy cleaning!
